Which doctors, hospitals, and pharmacies can I use?

- First Choice VIP Care has a network of doctors, hospitals, pharmacies, and other providers. You must receive your care from a network provider. We will only pay for covered services if you go to an in-network provider. In most cases, you will have to pay for care that you receive from an out-of-network provider. Out-of-network/non-contracted providers are under no obligation to treat First Choice VIP Care members, except in emergency situations. Please call our Member Services number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

- You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.
- You can view our plan’s Provider and Pharmacy Directories on our website, www.firstchoicevipcare.com.
- You can also call us, and we will send you a copy of the Provider and Pharmacy Directories.

What we cover

- Like all Medicare health plans, we cover everything that Original Medicare covers — and more.
 - Our plan members get all the benefits covered by Original Medicare.
 - Our plan members also get more than what is covered by Original Medicare. Some of the extra benefits are outlined in this booklet.
- We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.
 - You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, www.firstchoicevipcare.com.
 - You can also call us, and we will send you a copy of the formulary.

How will I determine my drug costs?

- Our plan groups all medications into one tier. The cost for all drugs has a **\$0 copay per prescription**.
