B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs(Drug List)*.
You can read all of the FAQ to learn more or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs?* (We call the List of Covered Drugs the Drug List for short.)

The drugs on the *Drug List* that starts in **Section C** are the drugs covered by First Choice VIP Care. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as "network pharmacies."

- First Choice VIP Care will cover all medically necessary drugs on the *Drug List* if:
  - your doctor or other prescriber says you need them to get better or stay healthy,
  - First Choice VIP Care agrees that the drug is medically necessary for you, **and**
  - you fill the prescription at a First Choice VIP Care network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at www.firstchoicevipcare.com or at the number listed at the bottom of this page.

B2. Does the *Drug List* ever change?

Yes, and First Choice VIP Care must follow Medicare and South Carolina Healthy Connections Medicaid rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from First Choice VIP Care before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you're taking a drug that was covered at the **beginning** of the year, we'll generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug isn't safe, **or**
- a drug is removed from the market.

Questions B3 and B6 have more information on what happens when the *Drug List* changes.

- You can always check First Choice VIP Care's up to date *Drug List* on **www.firstchoicevipcare.com**. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services at the numbers listed at the bottom of this page to check the current *Drug List*.

B3. What happens when there's a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will appear on the same or lower cost-sharing tier with the same or fewer restrictions. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we'll send you information about the specific change we made once it happens.
  - We can make these changes only if the drug we're adding:
    - is a new generic version of a brand name drug, or
    - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
    - Some of these drug types may be new to you. For more information, refer to **Section B14**.
  - You or your provider can ask for an exception from these changes. We'll send you a notice with the steps you can take to ask for an exception. Please refer to questions B10 – B12 for more information on exceptions.
- **Remove unsafe drugs and other drugs that are taken off the market.** Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the *Drug List*. If you're taking the drug, we'll send you a notice after we make the change. Please contact your prescriber to determine what to do next.

We may make other changes that affect the drugs you take. We'll tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that isn't new to the market, or
- We remove an original biological product when adding a biosimilar, or
- We change the coverage rules or limits for the brand name drug.

When these changes happen, we'll:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there's a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10 – B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from First Choice VIP Care before you fill your prescription. Prior authorization is different from a referral. First Choice VIP Care may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes First Choice VIP Care limits the amount of a drug you can get.
- **Step therapy:** Sometimes First Choice VIP Care requires you to do step therapy. This means you'll have to try drugs in a certain order for your medical condition. You might have to try one drug before we'll cover another drug. If your prescriber thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables in **Section C**. You can also get more information by visiting our website at **www.firstchoicevipcare.com**. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10 – B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the section titled "List of Drugs by Medical Condition/Drug Type has a column labeled "Necessary actions, restrictions, or limits on use."

B6. What happens if First Choice VIP Care changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we'll tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- You can search alphabetically, **or**
- You can search by medical condition or drug type.

To search **alphabetically**, look for your drug or drug type in the Index of Covered Drugs section. You can find it after the *Drug Listing* in **Section D**. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the *Drug List.* Brand name drugs and generic drugs as well as over-the-counter (OTC) drugs are listed in the Index.

To search **by medical condition**, find **Section C1** labeled "List of Drugs by Medical Condition". The drugs in this section are grouped into categories depending on the type of medical condition they're used to treat. For example, if you have a heart condition, you should look in you should look in Cardiovascular Agents. That's where you'll find drugs that treat heart conditions.

B8. What if the drug I want to take isn't on the *Drug List*?

If you don't find your drug on the *Drug List*, call Member Services at the number at the bottom of the page and ask about it. If you learn that First Choice VIP Care won't cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- Ask First Choice VIP Care to make an exception to cover your drug. Refer to questions B10 – B12 for more information about exceptions.

B9. What if I'm a new First Choice VIP Care member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you're a member of First Choice VIP Care. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we'll allow multiple refills to provide up to a maximum of 30 days of medication.

We'll cover a 30-day supply of your drug if:

- you're taking a drug that isn't on our *Drug List*, **or**
- our plan rules don't let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by First Choice VIP Care, **or**
- you're taking a drug that's part of a step therapy restriction.

If you're in a nursing home or other long-term care facility and need a drug that isn't on the *Drug List* or if you can't easily get the drug you need, we can help. If you've been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We'll cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you're a new First Choice VIP Care member.
- This is in addition to the temporary supply during the first 90 days you're a member of First Choice VIP Care.
- A Level of Care change happens when you move from a hospital to a long-term care facility, or from a hospital back home. If you have a Level of Care change, you may be able to get a temporary supply of a non-formulary drug (a drug that is not on the *Drug List*) or a drug that has special coverage rules.

If you need assistance getting a transition supply, please have the pharmacy call our Pharmacy Member Services at **1-833-809-3767**, 24 hours a day, 7 days a week.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask First Choice VIP Care to make an exception to cover a drug that isn't on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, First Choice VIP Care may limit the amount of a drug we'll cover. If your drug has a limit, you can ask us to change the limit and cover more.

- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services at the number at the bottom of the page. A member services representative will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9, Section G2**, of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we'll give you a decision within 72 hours. For more information on how to submit your request for an exception, call Member Services at the number at the bottom of the page.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription — depending on state laws.

First Choice VIP Care covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

Formore information on drug types, refer to Chapter 5 of the *Member Handbook.*

B15. Does First Choice VIP Care cover long-term supplies of prescriptions?

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your drugs sent directly to your home.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered drugs.

B16. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B17. What's my copay?

First Choice VIP Care members have copays for prescription drugs as long as the member follows the plan's rules.

Tiers are groups of drugs on our *Drug List*.

- Tier 1: Preferred Generics — $0
- Tier 2: Generics — $10/$20/$30
- Tier 3: Preferred Brands — 25%
- Tier 4: Non-Preferred Drugs — 25%
- Tier 5*: Specialty — 25%

* 60/90-day supply not available on Tier 5

If you have questions, call Member Services at the numbers listed at the bottom of this page.

C. Overview of the List of Covered Drugs

The *List of Covered Drugs* gives you information about the drugs covered by First Choice VIP Care. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in **Section D**. The index alphabetically lists all drugs covered by First Choice VIP Care.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., *levothyroxine*).

The information in the necessary actions, restrictions, or limits on use column tells you if First Choice VIP Care has any rules for covering your drug.

Here are the meanings of the codes used in the "Necessary actions, restrictions, or limits on use" column:

B/D PA: This prescription drug may be paid by your medical benefit or by your pharmacy benefit, depending on how it is used. The pharmacy will work together with the health plan and your provider to determine whether the medication should be authorized under your medical benefit or your pharmacy benefit.

QL: Quantity Limit. For certain drugs, we limit the amount of the drug that you can have. For example, the plan might limit how many refills you can get, or how much of a drug you can get each time you fill your prescription. For example, if it is not normally considered safe to take more than one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day.

ST: Step Therapy. In some cases, First Choice VIP Care requires you to first try certain drugs to treat your medical condition before we'll cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, First Choice VIP Care may not cover Drug B unless you try Drug A first. If Drug A does not work for you, First Choice VIP Care will then cover Drug B.

ST NSO: Step Therapy for New Starts Only. In some cases, First Choice VIP Care requires you to first try certain drugs to treat your medical condition before we'll cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, First Choice VIP Care may not cover Drug B unless you try Drug A first. If Drug A does not work for you, First Choice VIP Care will then cover Drug B.

PA: Prior Authorization. First Choice VIP Care requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from First Choice VIP Care before you fill your prescriptions. If you don't get approval, First Choice VIP Care may not cover the drug.

PA NSO: Prior Authorization for New Starts Only. First Choice VIP Care requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from First Choice VIP Care before you fill your prescriptions. If you don't get approval, First Choice VIP Care may not cover the drug.

NDS: This drug is limited to a 30-day supply.
